

About *the Alliance*

"The Alliance is family owned company that began 10 years ago when I was an administrator of a large assisted living home. Families that would tour the facility seemed to be in a daze, overwhelmed with choices and worries. It became apparent that a consultant was needed to make sense of it all.

The Alliance was formed to preserve dignity and independence, while serving and educating you and your family about the options available for an improved quality of life." Connie Hintsala, Founder

FREE Consultation In Your Home

The process of searching for a home can be overwhelming. The Alliance can help you through this by having updated information of each home.

The Alliance coordinator will come to your home, discuss your needs, desires and financial situation. Homes will be selected to accommodate these needs as well as ones that are affordable for you. The Alliance will arrange interviews to tour the homes you've selected and assist you in visiting each one. It's your decision as to which home becomes yours.
